Feature

Richard Bozulich should receive credit for a major role in spreading Go to the English speaking world. The material draws on the first few chapters of the book (OOP) *Strategic Concepts of Go*, written by Bozulich and Nagahara. Topics: Aji, Forcing Moves, Probes, Attacking Heavy Stones, Light Stones and Sabaki, Junk Stones, Key Stones and Thickness. There are 101 problems to test the reader's understanding and provide additional instruction.
